OVERVIEW

Established in 2018, BCC Fabrics India is an European furnishing fabrics distributors based at Gurugram Haryana. We have carefully sourced fabrics from all across the globe in order to create a vast offering catering to your evolved and continuously altering needs and wants. Our fabric is used in domestic and commercial interiors.

Our ranges are sold through independent interior designers, architects and directly through our head office across the country, and are suitable for upholstery and drapery. BCC fabrics are regularly selected by Hotels and Furniture manufacturers for their lines, and as such you may be sitting on one of our fabrics without even realizing it. Recognizing the talents of our design clientele, we have aligned ourselves with established mills and various editors from all over the world to create and showcase collections and distinctive ideologies. Over the last few years, we have directed majority of our investments towards creating a stock-warehouse in India in order to facilitate a more effective distribution set-up and reduce lead time.

We constantly make efforts and amendments in order to diversify and reach out to a new clientele. We have launched collections from various international brands such as DZ Engineering Italy, etc thereby broadening our spectrum, and reaching out to your high-end requirements as well with each company bringing from a new perspective, thought process and technique.

Our service team is based in Gurugram, from where we supply all our markets with a personal and friendly touch. Call our office and speak to our Sales Team 9953214054.
